

About AREAA

Founded in 2003, the Asian Real Estate Association of America (AREAA) is a nonprofit professional trade organization dedicated to promoting sustainable homeownership opportunities in Asian American communities by creating a powerful national voice for housing and real estate professionals that serve this dynamic market.

AREAA Washington Chapter was established in 2007.

AREAA will accomplish this mission by:

- Advocating for policy positions at the national level that will reduce homeownership barriers facing the APA community.
- Increasing business opportunities for mortgage and real estate professionals that serve this growing community.

Who We Are

AREAA's membership represents a broad array of real estate, mortgage and housing-related professionals that serve the diverse Asian American market. AREAA is the only trade association dedicated to representing the interests of the Asian real estate market nationwide.

Expanding Homeownership Opportunities and Supporting Business Growth

AREAA pursues initiatives that expand homeownership opportunities for more Asian Pacific American families, increase business opportunities for our members, and deliver tangible results for our national partners.

Over the next two decades, Asian Pacific Americans will be among the fastest growing populations in the country. Because most APAs are first generation Americans, they face significant language, cultural and knowledge barriers which have kept the homeownership rate relatively unchanged over the past two decades. AREAA initiates national and regional efforts to address these challenges.

AREAA serves its members by offering the following benefits and opportunities:

- Establishing a designation for members of the real estate community.
- Complimentary subscription to *Asian Real Estate*, a magazine dedicated to developments, leaders and trends having an impact on the Asian American housing community
- Monthly Newsletters updating members about the latest news to affect our industry.
- Offering the only national real estate convention and expo focused on the real estate practitioner who serves the Asian Pacific American Community.
- Professional Development and Education opportunities.
- Information on issues important to the real estate professional serving the APA Communities,
- Legislative updates and alerts about issues that affect you business, and
- Opportunity to contribute in our Membership Directory and International Network
- Local Education Seminars and General Membership Meetings.

Whether a real estate agent, a broker owner, a mortgage lender, a title representative or housing professional who is dedicated to serving the Asian Pacific American real estate community, you are invited to become a part of this dynamic organization.
